

AERIS ACTIVE

**HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER.
FOR USE ON ALL HARD SURFACES**

**Broad-spectrum
disinfectant/cleaner
with outstanding
residual biocidal
activity**

Kills protects
& removes stains

3-in-1 virus, bacteria and
mould treatment

Provides extended protection
against recolonisation

Effective cleaning – leaves
surfaces hygienically clean

PRODUCT OVERVIEW

- ✓ Hospital-grade disinfection
- ✓ Antibacterial protection for up to 7 days or 200 touches
- ✓ TGA listed

Aeris Active™ is compatible with the vast majority of both natural and synthetic surfaces prone to microbial colonisation.

Aeris Active™ helps long-term microbial control with its patented quat-polymer invisible protective film, ensures that your surfaces remain germ free. The film does not impact how the surface is used, leaving the treated surface cleaner and safer for a longer period of time.

For direct food contact surfaces such as cutting boards & utensils, once clean & disinfected with Aeris Active, rinse with clean potable water before re-use where required.

Aeris Active™ has triple action benefits:

- ✓ Kills germs, broad spectrum bactericidal & viricidal
- ✓ Kills & removes mould & mildew
- ✓ Removes discolouration caused by mould and remnants of dead organisms
- ✓ Leaves behind an invisible film providing residual protection from recolonisation on the surface

Only **\$65**
per treatment

Aeris Active

We wipe down your
Air Conditioners Filter

We then apply the
advanced formation of
Aeris Active to your Filter.

Allow it to activate the
clean and reset your Air
Conditioner for safe in
home or business use.

**KILLS
CORONAVIRUS**

AERIS ACTIVE

**HOSPITAL GRADE HARD SURFACE DISINFECTANT CLEANER.
FOR USE ON ALL HARD SURFACES**

FEATURES & BENEFITS

- Broad spectrum bactericidal & viricidal activity
- Effective in killing fungi
- A safer alternative to bleach
- Patented technology
- Leaves an invisible tack-free film
- Excellent cleaning properties & efficacy
- No build-up over time
- Greenest formulation available
- **HACCP approved**
- Highest efficacy in class
- Dual biocides with broad spectrum activity
- Validated long-term residual antibacterial efficacy
- Invisible, no build-up
- Universal hard surface compatibility
- **TGA listed**

Challenge with 108cfu/ml P.a. (ATCC No. 15442) Swabbing (16 hrs. after contamination)
